Become a Reporter

Pollution Research

RESEARCH

Research ocean pollution such as plastics, oil spills from shipping, and carbon-dioxide absorbed into the ocean making the oceans acidic. Make notes - then devise some questions.

QUESTIONS

Use a phone or tablet to record a video of you being the reporter for local TV.
Ask friends or relatives what they know about ocean pollution and if they understand how to help to improve the health of the oceans.
Edit your video to produce an interesting report on 'Ocean Pollution' that you might share at school or with relatives and friends.
