

## SNAP Card Games PLUS

### Contents

2 x cards of 8 ocean creatures.

1 x Back of cards Ocean World Design

1 x Identification Sheet

Print each 1-8 and 9-16 on card, FOUR times - backed with the Ocean World backing design.

You will now have 64 playing cards which will make ONE pack of cards.

1. Use as SNAP cards - Animal species recognition of fish, marine mammal, coral, seabird, marine reptile or invertebrate.

2. Other playing card games can be used e.g. turn all the cards over so they don't show the animal, then turn them two at a time, try to match up similar creatures.

[Using all 64 different animal cards - or less for younger pupils just make sure you have two or four of every card]

3. Print picture side only on ordinary paper and use as coloured cut-outs for art work.

4. Use Identification Sheet for Literacy work -

a) spelling of species:

b) spelling of actual animals 1-16:

c) write sentences about each animal.
